1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

**Product Identifier**

**Trade Name / Product Name:** A1708-A  
**Product Type:** Epoxy Resin

**Company Address**
Addison Clear Wave Coatings, Inc.  
3555 Legacy Blvd  
St. Charles, IL 60174 USA  
www.addisoncw.com

**Contact Information**
Telephone: +1 630 444 1658  
Medical Emergency Telephone number: +1 800 222 1222  
Poison Control Center: +1 800 222 1222

2. HAZARDS IDENTIFICATION

**Emergency Overview**

**WARNING:**  
MAY CAUSE ALLERGIC SKIN REACTION  
MAY CAUSE EYE, SKIN AND RESPIRATORY TRACK IRRITATION  
MAY BE HARMFUL IF SWALLOWED

**Relevant routes of exposure:** Skin, Inhalation, Eyes, Ingestion

**HMIS**

<table>
<thead>
<tr>
<th>HEALTH</th>
<th>FLAMMABILITY</th>
<th>REACTIVITY</th>
<th>PROTECTIVE</th>
</tr>

</tbody>
</table>

Hazard Rating: 4 = Extreme, 3 = Serious, 2 = Moderate, 1 = Slight, 0 = Minimal, B = Gloves and Eye protection

**GHS Hazard Pictograms:**

**Hazard Statements**

H315 causes skin irritation  
H319 causes serious eye irritation  
H317 may cause an allergic skin reaction  
H411 Toxic to aquatic life with long lasting effects  
Contains epoxy constituents. May produce an allergic reaction.
Precautionary Statements

Prevention: Avoid breathing vapors, mist or spray. Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. Wear eye and face protection. Wear protective gloves.

Response: IF ON SKIN: wash with plenty of soap and water
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If skin irritation or rash occurs: Get medical attention. If eye irritation persists: get medical attention

Disposal: Dispose of content and/or container according to Federal, State/Provincial and local governmental regulations

Classification complies with OSHA Hazard Communication Standard (29 CFR 1910, 1200) and is consistent with the provisions of the United Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

* Exact percentage is a trade secret. Concentration range is provided to assist users in determining appropriate protection.

4. First Aid Measures

Description of first aid measures

General Information: remove contaminated clothing

Ingestion: Ingestion is unlikely. However, if large quantities are swallowed, get medical attention. Do not induce vomiting. Never give anything by mouth to an unconscious person

Skin contact: Immediately flush skin with plenty of soap and water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash clothing before reuse.

Eye contact: Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists. Avoid exposure to light sources.

Inhalation: Move affected person to fresh air. In case of asphyxia, initiate artificial respiration immediately. If breathing is difficult, give oxygen. Get medical attention immediately.

5. Fire-Fighting Measures

Extinguishing media

Suitable extinguishing media: Carbon dioxide, extinguishing powder or water spray/fog. Fight larger fires with water spray/fog or alcohol-resistant foam

For safety reasons unsuitable extinguishing agents: water with a full water jet
SAFETY DATA SHEET

Hazardous Combustion Products: Thermal decomposition products can include carbon dioxide, carbon monoxide, fire dust and smoke.

Advice for firefighters
Protective equipment: wear self-contained breathing apparatus

6. Accidental Release Measures

Containment Procedures: Stop the flow of material. If this is without risk. Ventilate contaminated area. Do not release material or contaminated water into drains, soil or surface waters, or sewage systems.

Clean-Up Procedures: Wear appropriate protective equipment and clothing. Absorb spillage with non-combustible absorbent materials. Place all waste in an appropriate container for disposal. Dispose of collected material according to regulations.

Evacuation Procedures: Keep unnecessary personnel away

Special Procedures: N/A

7. Handling and Storage

Handling: Avoid contact with eyes, skin and clothing. Avoid breathing vapor and mist. Wash thoroughly after handling. Use only with adequate ventilation.

Storage: Store at 15 to 27 degree C. Keep in a cool, well ventilated area away from heat, sparks and open flame. Keep container tightly closed until ready for use. Store sealed in original container and out of direct sunlight or other light sources.

8. Exposure controls and personal protection

Exposure Guidelines
General product information: No occupational exposure limits have been established.
Hands: Protect hands with Nitrile or Latex gloves.
Eyes: Eye glasses with side-shield or goggles are required.
Ventilation: general room ventilation is expected in normal usage and storage. Special local ventilation may be needed if used at elevated temperatures.

Other Hygienic and Work Practices: Use good personal hygiene practices. Wash hands before eating, drinking, smoking, or using toilet facilities.

9. Physical and Chemical Properties

Physical state: Liquid
Color: Clear
Odor: Sharp
Odor threshold: N/A
Vapor pressure: Less than 10 mm Hg at 27 °C
pH: 6-7 at 1:1 in water
Boiling point: >200 °C
Melting point: N/A
Specific Gravity: 1.1
Vapor density: N/A
10. Stability and Reactivity

Stability: Stable material under normal conditions of handling, use and transportation
Physical Hazard: Unstable (reactive) upon exposure to heat and/or light
Hazardous decomposition: Oxides of carbon, Oxides of nitrogen, Irritating organic vapors
Incompatibility: Strong oxidizers, bases, acids, reducing agents, free radical initiators

11. Toxicological Information

Acute and chronic toxicity
A: General product information: no data available
B: Component analysis

Carcinogenicity
A: General Product information: None
B: Component Carcinogenicity: None of this product’s components are listed by IARC
Teratogenicity: no
Reproductive toxicity: no
Mutagenicity: no

12. Ecological Information

Ecotoxicity
A: General Product Information: The ecological assessment of this material is based on an evaluation of its components. This product is harmful to aquatic organisms and may cause long term adverse effects in the aquatic environment.
B: Component analysis - ecotoxicity - toxic to fish

13. Disposal Consideration

Incineration or landfill in accordance to local regulations. Contaminated packaging material should be disposed of identically to the product itself. Uncontaminated packaging material should be treated as household waste or as recycling material

15. Regulatory Information

US Federal
TSCA: All materials are listed on the TSCA Inventory or are not subject to TSCA requirements
European/International Regulations
Safety, health and environmental regulations/legislation specific for the substance or mixture
Labeling according to Regulation (EC) No 1272/2008
This product is classified and labeled according to the CLP regulation.

Hazard Classification
Danger Symbol: Xi Irritant
Rish phrases:
R 36/38 Irritating to eyes and skin
R 43 May cause sensitization by skin contact
R 52/53 Harmful to aquatic organism may cause long term and adverse effects in aquatic environment

Safely Phrases:
S 26 In case of contact with eyes rinse immediately with plenty of water and seek medical advice.
S 28 After contact with skin rinse immediately with plenty of soap and water
S 37/39 Wear suitable gloves and eye/face protection
S 57 Use appropriate containment to avoid environmental contamination

Contains: Antimony compounds
Candaian IDL: None of the ingredients are on this list
WHMIS: Class D2B. This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by those regulations.

16. Additional Information

SDS Creation Date: 10/1/2015
SDS Revision No: Ver 4
Reason for revision: Update information for GHS format
